Good Bones. For an excellent and concise introduction to some of the conventions and their development, see KajantoBoth inscriptions exhibit the straight-backed capital E that is associated with classical lettering, as well as the curved uncial E of Gothic provenance. Taking into account all the other costs of owning and operating a vehicle, the full life-cycle cost of a factory-made CNG vehicle would average about the same or less than that of a methanol vehicle, and close to that of a gasoline vehicle. And the circumstance that Russia has, moreover, in the course of the centuries, often served us as a vital protection when danger threatened from the West made good relations seem ever more necessary.
